INTRODUCTION

The South Carolina State Library's Management Team coordinates the agency's strategic planning process. The Team meets semimonthly and consists of departmental directors, major program directors, and agency administrators. The Strategic Plan charts the direction of the agency to FY 2008 and includes five basic elements:

1. Mission
2. Values
3. Vision
4. Purpose Statements
5. Strategic Initiatives

Annual goals are developed in accordance with the plan's strategic initiatives. Strategic initiatives and goals are adjusted as necessary to reflect strategy changes. An annual business plan outlines activities and time periods for the attainment of objectives.

The agency's Strategic and Annual Business Plans are presented to the State Library Board for approval. The library's annual report and its accountability report, document the agency's progress in meeting its goals and objectives.

The reports are available for review at www.statelibrary.sc.gov/pubs/acrepind.html and <http://www.statelibrary.sc.gov/pubs/arindex.html>.

The S.C. State Library Board approved this plan on June 15, 2005.
